### **KAPP Technologies names Bill Miller as Vice President of Sales**

Boulder, Colorado (August 10, 2006) – Bill Miller will oversee the sales and marketing departments as Vice President of Sales for the North American operations of the KAPP Group at KAPP Technologies in Boulder Colorado as of September 1, 2006.

Miller, 51, worked from 1981 to 1995 with American Pfauter and was involved in the service, training, applications engineering, and sales of Kapp products. From 1995 to 1999, he was Manager of North American Sales for M&M Precision Systems. In 1999 Bill formed GearHelp LLC in Cincinnati to serve industry demands for gear training. GearHelp also sold Konig, Dr. Kaiser, Dragon and GearOffice products.

Bill has served on several AGMA committees including Gear Expo Show Advisory, Hob Standards and Metrology. Most recently he was involved in the development of AGMA's web-based gear training curriculum and certification testing. Bill holds a BSME degree from the University of Cincinnati and an MBA from Roosevelt University.
